Severe Weather Arrangements

- Arrangements relating to public exams differ from those relating to the school as a whole.
- Be aware that postponed exams may be rescheduled to start in the evening or on Saturday.
- Ask your parent/helper/sibling to check the school website for announcements and rescheduled start times.
- **IMPORTANT:** Do not access the internet yourself or communicate with your friends unless absolutely necessary (the exam boards monitor the internet).
- If you have already left home, proceed to school unless it is unsafe or you are unable to do so.
- If you are in school, you must remain there until you are told it is safe to leave.
